General Rules (In line with Swim England Level X Conditions)

1. Racing must be compliant with Swim England Return to Training Guidance. As per Swim England guidance clubs/swimmers/coaches should only be considering this race opportunity if appropriate and sufficient return to training has taken place. The appropriate and sufficient decision will be guided by the club coach. It is essential that all swimmers possess the physical fitness to complete the race distance in a safe manner
2. Racing must comply fully with Government guidance relating to social distancing, in addition to the specific health and safety requirements of the venue.
3. Racing should take place within club training sessions. This is not a gala, but a racing event with a skills focus. Clubs may book additional pool time for the purposes of conducting racing, but the number and grouping of swimmers present in a single session of racing must remain compliant with Swim England Return to Training guidance.
6. Swimmers must be a Swim England Category 1 member in order to participate.

7. Ages shall be determined as at midnight on 31 December 2021.
8. Two technical officials, qualified at a minimum of British Swimming Judge Level 1 and members of Swim England shall be appointed for the control of the session.
9. These technical officials shall be responsible for starting the race in accordance with Swim England Technical Rules. The minimum requirement for a starting device is a whistle. Assistance shall be provided at the start for hearing-impaired swimmers who request it, in accordance with the Swim England Para Swimming Return to Training Guidance.
10. One Swim England Member of any category shall be appointed per lane to act as timekeeper for that lane.
11. Timekeepers shall record the name, distance, stroke and time recorded for each swimmer on paper. The times must not be collected between races. Timekeepers should inform the technical officials if their watch failed to start when the starting signal was given, and if they did not stop the watch when the swimmer touched at the finish.
12. Additional assistance may be provided for athletes who require it to participate (for example visually impaired swimmers may need a tapper), but all personnel on deck must adhere to social distancing guidelines and must not exceed the maximum number of personnel allowed on poolside according to the venue's risk assessment.
13. Backstroke Starting Devices (Ledges) should not be used.
14. Swimmers should race in accordance with Swim England Technical Rules. Disqualifications for infractions of the technical rules should be made in accordance with the rules.
19. Racing may take place over a number of sessions. At the conclusion of each session the results shall be inputted into relevant spreadsheet for submission to the league.
20. Clubs must submit their results as a zip file within 48 hours of the final date for racing taking place.
22. The results will be placed on Hertfordshire Swimming League website combined into a "Leaders Table" for each competition (50m & 100m)
24. Results may also be submitted to Level X Rankings in accordance with Swim England Level X conditions.
